b. A resident of this State shall be eligible for the program if the person is:

- (1) either 65 years of age or older or a recipient of disability insurance benefits under Title II of the federal Social Security Act (42 U.S. C. s.401 et seq.);
- (2) receiving an annual income, the amount of which is not more than \$10,000 above the applicable PAAD income eligibility limits for single and married persons, which amount is to be determined on

the same basis as income is determined for the purpose of eligibility for PAAD; and

- (3) not eligible for any other program of State-funded prescription drug benefits.

c. The program shall provide a payment to a pharmacy that is participating in the program for the reasonable cost of one or more prescription drugs purchased by an eligible person who presents an identification card issued by the program in an amount that exceeds the copayment paid by the eligible person. The payments to pharmacies shall commence no later than 120 days after the effective date of this act or after enactment, whichever is later.

At the time of each purchase of a prescription drug, the eligible person shall pay a copayment that shall not be waived, discounted or rebated in whole or in part, and shall be equal to:

- (1) \$15 plus 50% of the remaining amount of the reasonable cost for the prescription drug, or the reasonable cost for the prescription drug, whichever is less; or
- (2) \$15, or the reasonable cost for the prescription drug, whichever is less, in the case of an eligible person who has incurred out-of-pocket expenditures, including copayments and deductibles, for the purchase of prescription drugs, which are not reimbursable by any other plan of assistance or insurance and are credited to that person's account for each 12-month period of eligibility in accordance with procedures established by the commissioner, in the following amounts: \$2,000 for a single person and \$3,000 for a married couple. These out-of-pocket expense amounts shall include only expenses incurred on or after the date that the person received proof of eligibility for the program from the department.

d. If an interchangeable drug product contained in the latest list approved and published by the Drug Utilization Review Council pursuant to section 7 of P.L.1977, c. 240 (C.24:6E-6) is available for the prescribed prescription drug, an eligible person shall either:

- (1) purchase an interchangeable drug product, the cost of which is equal to or less than the maximum allowable cost as determined by the commissioner; or
- (2) if the prescriber specifically indicates that substitution is not permissible, purchase the prescribed drug product that is higher in cost than the maximum allowable cost as determined by the commissioner and pay the amount of the price above that maximum allowable cost, in addition to the amount of the copayment paid by the eligible person pursuant to subsection c. of this section.

e. An eligible person whose prescription drug costs are covered in part by any other program or plan of assistance or insurance may be required to receive reduced assistance under the Senior Gold Prescription Discount Program. f. The commissioner may establish limits on the day supply or maximum quantity of prescription drugs which may be purchased by an eligible person under the program in a manner equivalent to those established for prescription drug purchases under PAAD.

g. An eligible person under the program shall, upon the submission of an application and proof of expenditure as the department may prescribe, be reimbursed for 50% of the cost of each prescription drug purchased by that person in an amount that exceeds the required copayment, during the period commencing 30 days after the person's properly completed application was received by the department and ending on the date on which the person received proof of eligibility from the department; except that no reimbursement under this act shall be made for a prescription drug purchased prior to the effective date of this act.
